

EZ-250-3W/WP

DEVICE DESCRIPTION

The **EZ-250-3W/WP** is our weatherproof "hardwired" fleet tracking device incorporating 4G technology, with the abbreviation 3W representing three wires (power, ground and ignition). This "fleet" device is designed to meet military specs for dust and moisture. Additionally, this device supports an input/sensor for monitoring a PTO (power take off). It is built with the quality components needed to meet the high reliability and the large amounts of data required to meet the needs of continuous fleet tracking.

KEY FEATURES/BENEFITS

- Reports every 60 seconds plus every turn > 20 degrees.
- Internal dual cellular and GPS satellite antennas reduce installation time, improves cellular signal reception, and better supports a covert installation.
- Internal battery back-up allows us to report even if the device power is compromised, tampered with or disconnected.
- Capable of storing and forwarding all satellite tracking data (once the device recognizes cellular connectivity) up to 2,000 data points (which is critical, if and when any vehicle travels beyond a cellular network).
- Includes, "smart power management" which allows the device to recognize when a vehicle is turned off which triggers the device to go into a sleep mode, which will significantly reduce the possibility of the device causing any vehicle battery issues.
- Utilizes the AT&T 4G LTE CAT M cellular network to transmit all the vehicle generated data (an unlimited cellular data plan is included with your service).

FLEET

TARGET MARKETS

This product will support nearly all general business needs along with those situations where a weatherproof unit is better suited to the typical environment of the vehicle.

FLEET

DEVICE SPECIFICATIONS

Device Specifications

Size: 4.83" L x 3.27" W x 1.54" H

Weight: 9.5 oz.

Operation Temp. Range: -20°C to 80°C

Wireless Specs: LTE CAT M1 Bands 2,4,12,and 13

Power Consumption:

Normal Sleep:

<250uA@12V

Sleep on Network: <14mA 12V

Operating voltage: <70mA @ 12V

Location Accuracy: 6.56 Ft Internal

Back-up Battery: 5200mAh

Rechargeable Li-Ion

when Sleeping – about 365 days*

while actively in use – about 70

hours* Certifications: FCC, CE, IC,

PTCRB, and

Verizon Wireless

Device LED's:

Amber LED for cellular connectivity

Green Led for GPS Location Lock

*Based on if "power is disconnected". May vary based on the reported power usage of the device and the battery capacity

DEVICE SOFTWARE HIGHLIGHTS

- Web based; providing access to your fleet information limited only by your access to the internet; including a mobile viewer application that will auto size for smartphone or tablet
- Supports "closest vehicle" worker dispatch functionality. Which provides accurate ETAs, reduces wasted time between jobs and improves customer relations.
- Provides real-time location, speed, heading, stopping and mileage reporting.
- Track maintenance schedules based upon real time mileage information.
- Provides hard braking and hard acceleration information to help reduce unsafe driving behavior.
- Monitor idling to reduce fuel and unnecessary wear on your vehicle.
- Provides exact arrival and departure data relative to any task, which will increase billing accuracy and reduce billing write-offs and disputes.
- Provides the ability to create customized zones (landmarks) and receive data relative to the entering, exiting and time spent within each customized zone.
- Mapping with Google Street View and Google Earth integration.
- Unlimited users (no additional software license fees or charges).
- Custom Map Icons (including the ability to input actual photos of each of your vehicles).
- Provides 6 months of "visual mapping data" and 24 months of report data, which includes all tracking history, alerts etc. in report form.

OUR WARRANTY

We stand behind our equipment and software solution with our satisfaction guarantees

3-Year Device Warranty – If at any time during normal use your device stops working (excluding physical or water damage, or any change in cellular technology that renders the device obsolete) we will provide a replacement device at no charge. The commencement date is based upon the assignment of a billable rate plan to a device.

30-Day Money-Back – If at any time within 30 days after a device begins tracking you are not completely satisfied with your purchase or our software solution for any reason, we will give you a refund on the original purchase price of your device. (Not applicable with any leased/bundled program and does not include labor (if any)).
