

# EZ-250-TT

TRAILER

## TARGET MARKETS

This product will support all powered equipment and trailers such as dry vans, flat-beds, tankers, reefers and chassis.

- Logistics/ Transportation Company
- Inter-modal Company
- Construction Company
- Electrical Contractors
- Trailer Rental Company

## DEVICE DESCRIPTION

The **EZ-250-TT** is our trailer tracker specifically designed and engineered for your trailers. The device is built to withstand harsh environments and contains internal cellular and GPS satellite antennas. It requires a 12- or 24-volt power source, but it also contains an internal back up battery that will typically enable the device to function for 60 days without power.

## KEY FEATURES/BENEFITS

- > Reports every 10 minutes
- > When device/trailer is disconnected from tractor, the device will report in its location information and go to sleep.
- > Low power consumption when in sleep mode (disconnected from tractor) and will wake up to report in once a day.
- > If the device/trailer is moved more than 300 feet without being connected to power, a TOW alert will occur. The device has a built-in motion sensor.
- > Power Disconnect alert – if the 12V power is removed from the device.
- > Low-battery notification and voltage monitoring.
- > Ability to monitor activity (1 input / ground trigger) such as the opening and closing of rear trailer doors.
- > Internal backup battery when power is disconnected.

## DEVICE SPECIFICATIONS

Device Specifications  
 Size: 4.83" L x 3.27" W x 1.54" H  
 Weight: 9.5 oz.  
 Operation Temp. Range: -20°C to 80°C  
 Wireless Specs: LTE CAT M1 Bands 2,4,12,and 13  
 Power Consumption:  
 Normal Sleep:  
 <250uA@12V  
 Sleep on Network: <14mA 12V  
 Operating voltage: <70mA @ 12V  
 Location Accuracy: 6.56 Ft  
 Internal Back-up Battery:  
 5200mAh Rechargeable Li-Ion  
 when Sleeping – about 365 days\*  
 while actively in use – about 70 hours\*  
 Certifications: FCC, CE, IC, PTCRB, and Verizon Wireless  
 Device LED's:  
 Amber LED for cellular connectivity  
 Green Led for GPS Location Lock

\*Based on if "power is disconnected". May vary based on the reported power usage of the device and the battery capacity

## DEVICE SOFTWARE HIGHLIGHTS

- > Web based; providing access to your fleet information limited only by your access to the internet.
- > Fleet tracking updates every 10 minutes when the device/trailer is connected to the vehicle's trailer power connector. Will also update daily when device/trailer is unplugged.
- > Provides arrival and departure data relative to any job/location, which will increase billing accuracy and reduce billing write-offs and disputes.
- > Mapping with Google Street View and Google Earth integration.
- > Unlimited users (no additional software license fees or charges).
- > Custom map icons (including the ability to input actual photos of your trailer).
- > Provides 6 months of "visual mapping data" and 24 months of report data, which includes all the tracking history, alerts etc. in report form.

## Our Warranty

We stand behind our equipment and software solution with our satisfaction guarantees

3-Year Device Warranty – If at any time during normal use your device stops working (excluding physical or water damage, or any change in cellular technology that renders the device obsolete) we will provide a replacement device at no charge. The commencement date is based upon the assignment of a billable rate plan to a device.

30-Day Money-Back – If at any time within 30 days after a device begins tracking you are not completely satisfied with your purchase or our software solution for any reason, we will give you a refund on the original purchase price of your device. (Not applicable with any leased/bundled program and does not include labor (if any)).
