

EZ-660-BAT

DEVICE DESCRIPTION

The **EZ-660-BAT** is our battery operated, asset tracker designed and engineered for assets when power is not available. The device is built to withstand harsh environments and contains internal cellular and GPS satellite antennas allowing the device to be mounted virtually anywhere on the asset.

TARGET MARKETS

This product will support, track and protect all assets fixed or mobile. Assets such as dumpsters, fertilizer tanks (trailer mounted), Port-a-Johns, lighted and non-lighted signs, roadside signs, generators and literally any NON-Powered assets.

- Waste management companies
- Agriculture
- Construction companies
- Equipment rental companies
- Many general businesses with mixed assets

KEY FEATURES/BENEFITS

- Standard Reporting Interval: 2 Times per day
 - Every 12 hours from time that you removed the magnet (which is shipped with each device) to start the unit reporting . For example, if you remove the magnet at 7AM, it will report at 7AM & 7PM.
- Receive alerts if the asset moves outside of the landmarks you've created.
 - When the unit reports during its 2x per day interval, you will be notified if it EXITED or ENTERED a landmark. NOTE: This is not instant landmark alerting, it will alert at the time of its next reporting interval.
- Weatherproof enclosure helps keep the device safe in extreme weather conditions and can be painted to match the color of the asset it is affixed to.
- Battery Life is approximately 4-years with twice daily reports.
- Battery is field replaceable and has a 1 year warranty
- Has the ability to store and forward up to 5,000 data points, including location events, landmark reporting and if and when the device is out of cell coverage.

EZ-660-BAT

DEVICE SOFTWARE HIGHLIGHTS

- Web-based; providing access to your fleet information limited only by your access to the internet.
- Tracking updates twice a day
- Mapping with Google Street View and Google Earth integration.
- Unlimited users (no additional software license fees or charges)
- Customer map icons (including the ability to input actual photographs of your asset).
- Provides 24 months of historical tracking data on the reporting suite. Visually, you have access to 6 months data via our mapping tab.

OUR WARRANTY

We stand behind our equipment and software solution with our satisfaction guarantees

3-Year Device Warranty – If at any time during normal use your device stops working (excluding physical or water damage, or any change in cellular technology that renders the device obsolete) we will provide a replacement device at no charge. The commencement date is based upon the assignment of a billable rate plan to a device. (Battery warranty 1 year)

30-Day Money-Back – If at any time within 30 days after a device begins tracking you are not completely satisfied with your purchase or our software solution for any reason, we will give you a refund on the original purchase price of your device. (Not applicable with any leased/bundled program and does not include labor (if any)).
